Foundations in Immersive Learning Research and Theory

Work-in-Progress-Participatory Design of an Augmented Reality Firewall Game	1
Work-in-Progress—Towards a University Wide Implementation of Extended Reality	6
Work-in-Progress—Review of the Application of the Spherical Video-Based Virtual Reality in Education: A Case Study of EduVenture-VR and Its Use in Chinese Language Education	11
Work-in-Progress—VR Implementation in Classrooms: A TPACK Perspective	17
Work-in-Progress—Assessing the Feasibility of Playtesting Video Games Using Immersive Technologies as a Learning Method	24
Work-in-Progress—The Impact World: The Design Process of an Immersive Web Environment	29
Work-in-Progress—Preservice Teachers’ Perceptions of Advantages of Virtual and Augmented Reality Technology in the Everyday K-12 Classroom	33
Doctoral Colloquium—The Relationship between Presence, Flow and Interest in Immersive Learning Applications for Higher Education	40

Assessment and Evaluation (A&E)

Work-in-Progress—Game-Based Assessments for Programming	44
---	----

Galleries, Libraries, Archives and Museums (GLAM)

Work-in-Progress—Visitor Onboarding for On-Site Mixed Reality Experiences in Museums: Learnings from Curators, Designers, Researchers and Artists	51
Doctoral Colloquium—Exploring AI-imagery, a Form of Secondary Computation Analysis	58

Inclusion, Diversity, Equity, Access, and Social Justice (IDEAS)

Work-in-Progress—The Metaverse Campus: Transforming Learning for International Students	63
---	----

STEM Education

Work-In-Progress – A Virtual Reality Application for Learning Geometry	67
Work-in-Progress—Studying the Impact of the Virtual Course “Magnetic field. Electromagnetic Induction” on Educational	73
Work-in-Progress — iCoding: Immersive Coding in Unity	78

Language, Culture and Heritage (LCH)

Work-In-Progress—Exponenself: Exploring and Strengthening Cultural Identity from Virtual Reality to Reality	93
---	----

Medical & Healthcare Education (MHE)

Work-In-Progress — Gamified experiential learning of human anatomical structures for undergraduate students in eXtended Reality: Experiences, Results and Recommendations 96

Nature & Environmental Sciences (NES)

Work-in-Progress-Visualising the Impacts of Climate Change with Immersive Technology 100

Workforce Development & Industry Training (WDIT)

Work-in-Progress—Interactive Digital Twins in Field Service Operations Training and Real-Time Support 105

Work-in-Progress—Exploring the Effectiveness of Multi-User Basic Workflow Assessment Training in Web XR 110

Work-in-Progress—Effects of Attention Guidance on Virtual Reality Training for an Industrial Assembly Task 115

Self and Co-regulated Learning with Immersive Learning Environments (SCILE)

Work-in-Progress—Using Feedback To Support Learning Statistics in Higher Education Within a Game-based Learning 123

Special Track 1: Immersive learning across Latin America: state of research, use cases and projects

Work-in-Progress—Immersive Media and War Reporting in Colombia: Uses, Potentialities and Challenges of 360° Video to Narrate Armed Conflicts 130

Work-in-Progress—Immersive Reality Simulator, a Proposal to Support Siderurgy Processes 138
